INTRODUCTION

The National Clearinghouse on Family Violence, for the seventh time, has updated its listing of transition houses and shelters for abused women. In this edition, the 474 houses and shelters are listed by province from the east to west coast, and are alphabetized by town or city within each province/territory. The transition houses are described as either *Second Stage Housing, Transition Housing* or *Other Services*. An explanation of the function of each type of facility is found on the following page.

In this edition, some facilities have chosen to provide their street address; others have provided a mailing address or a municipality only.

In most instances, the administrative telephone number for the facility is listed. Dedicated crisis lines have been indicated as such. In some cases, a toll free number is listed. With the exception of the 1-800 number for the National Clearinghouse on Family Violence, these toll free numbers are accessible only within the local area code. When calling from outside the area code, you must dial 1-(area code)-(administrative number). Where appropriate, facsimile numbers, e-mail and web site addresses have been provided. Please telephone before sending faxes; fax machines may be shared.

Transition houses and second stage houses provide temporary accommodation and support for abused women and their children for periods of a few days to a few weeks and, in some cases, a few months. They provide a supportive environment where a woman can consider and discuss her alternatives. Some houses offer counselling and follow-up to women and children leaving the house.

INTRODUCTION

Le Centre national d'information sur la violence dans la famille vient de mettre à jour, pour la septième fois, sa liste des maisons de transition et d'hébergement pour les femmes victimes de violence. Dans cette dernière édition, les 474 maisons sont répertoriées par province, d'est en ouest, et apparaissent dans l'ordre alphabétique selon la ville où elles sont situées. Elles sont classées comme étant soit des *maisons d'hébergement prolongé*, des *maisons d'hébergement* ou *autres*. Vous trouverez dans les pages suivantes une explication de la fonction de chacun des types d'installations.

L'adresse civique de certaines des installations figure dans la nouvelle édition, les responsables ayant choisi de la divulguer; d'autres ont préféré fournir une adresse postale ou le nom de la municipalité seulement.

Dans la plupart des cas, le numéro de téléphone administratif de l'installation est indiqué. Le numéro de la ligne d'écoute téléphonique de chacune des maisons de transition et d'hébergement figure lui aussi dans le répertoire s'il y a lieu. Dans certains cas, un numéro sans frais est également inscrit. Les numéros 1-800, autres que celui du Centre national d'information sur la violence dans la famille, ne sont accessibles que par les habitants de la localité (le code régional devant être le même). Les autres personnes doivent composer le 1-(code régional)-(numéro administratif). Nous avons ajouté les numéros de télécopieur, courriel électronique et site web dans la nouvelle édition selon la disponibilité. Téléphonez toujours avant de communiquer par télécopieur, parce que ces appareils sont parfois partagés.

Many transition houses operate in conjunction with other community services which provide support and assistance to abused women and their children. These other services include provincial and municipal social services, victim advocacy services, community crisis lines, rape crisis centres, women's support groups, police services, and legal aid services. Transition houses may provide information about such local sources of assistance.

Les maisons de transition et d'hébergement prolongé accueillent temporairement les femmes victimes de violence et leurs enfants pendant des périodes allant de quelques jours à quelques semaines, parfois même quelques mois. Elles offrent un milieu propice à l'échange où les femmes peuvent discuter de leur expérience et examiner diverses possibilités. Certaines maisons offrent des services de counselling et un programme de suivi pour toutes les ex-résidentes et leurs enfants.

Les maisons de transition sont exploitées dans le contexte d'autres services communautaires qui fournissent de l'aide aux femmes victimes de violence et à leurs enfants. Parmi ces autres services, citons les services sociaux provinciaux et municipaux, les services d'aide aux victimes, les services d'écoute téléphonique en cas d'urgence et de viol, les groupes d'entraide de femmes, les services policiers et les services d'aide juridique. Dans les maisons de transition, les femmes peuvent obtenir de l'information sur les ressources locales.
